FDA,

Dockets Management Branch (HFA-305)
Food And Drug Administration
5630 Fishers Lane, Room 1061
Rockville, MD 20852

Docket #98N-1038, "Irradiation in the production, processing and handling of food".

I have a great interest in my health. Nutritional value is important to me. I eat most of my produce raw (study it you will be surprised at the difference it makes in your health).

Please Label ALL Irradiated food with large easily detected labels.

Make labeling permanent, no expiration date.

Use the terms Irradiated or Irradiation and use the radura symbol. These are to the point easy to understand. DO NOT use cold pasteurization or electronic pasteurization as these are misleading and we have the right to know how our food is prepared.

If we know how our food has been treated we can adjust our supplement intake accordingly.

Thanks,

Brent Beach
